MARKETING
VENTURES

Producers

Dedicated to delivering reliable service, bridging the gap between markets and consumers.

Tenaska Marketing Ventures (TMV) is committed to delivering customer value and best-in-class service to customers across North America. As a private, independent company, TMV has the expertise, resources, and flexibility to physically move more than 10.2 billion cubic feet per day (Bcf/day) on 158 pipelines.

With more than 30 years in the natural gas marketing business, TMV has developed a team that works together to leverage its experience and knowledge, while offering a variety of services. TMV has the capacity and expertise to solve customers' natural gas needs quickly and efficiently.

Chain Manager**

We Deliver.

As the leading player in the U.S. physical natural gas market, TMV's strength lies in its unique combination of small business values and large marketer capabilities.

TMV provides asset management and agency services to producers across the United States and Canada, allowing them to focus on producing gas while our team facilitates the delivery of their production to market. TMV leverages its diverse network to optimize sales and maximize the value of natural gas assets for producers. Since TMV is not a producer, it does not have a conflict of interest in marketing gas, which ensures our customers' gas flows to the best markets.
