Expertise.

Established in 1991, Tenaska is a trusted market leader. Tenaska's skilled natural gas team manages pipeline nominations and transactions throughout North America and continues to develop innovative solutions for a wide range of market challenges.

Value.

Tenaska is a privately owned, independent marketer with a solid balance sheet and a customer-focused approach. Tenaska is committed to creating personalized strategies to effectively meet the needs of our customers.

Reliability.

Customers can depend on Tenaska to deliver gas when and where it is needed. An extensive network of contracted pipeline and storage assets allows Tenaska to manage market disruptions, respond effectively and maintain reliable service.

TENASKA[®]

Mark J. Whitt
President

“ Customers count on our reliability and responsiveness to meet their needs in dynamic market conditions. Our team of experienced professionals deliver exceptional supply chain management services through our physically focused business model. Tenaska is an independent marketer oriented to deliver customer value with a long-term commitment. This is the Tenaska difference.”

Lori A. Bruck
Chief Marketing Officer

“ Our first priority is to provide value and exceptional service to our customers. Our employees have extensive experience and expertise in the industry, allowing Tenaska to provide innovative and customized solutions for its customers. In addition, our growing platform of transportation and storage assets across North America will ensure that we have the right tools along with the right people to serve the needs of our customers for years to come.”
