

Tenaska Virginia Generating Station

Power generated by Tenaska Virginia Generating Station is sold into the PJM Interconnection (PJM) regional transmission organization (RTO) to meet growing needs. PJM coordinates the flow of electricity from power generators to local utilities in the largest centrally dispatched grid in North America, which includes Virginia.

Community and economic impact

Community is priority for Tenaska and our employees, who dedicate time and resources to the areas where we live and work, supporting local businesses, creating jobs and driving economic growth through our investments and operations.
